

EXACT

EXACT builds game-changing technology for the concrete industry. We're making one of the biggest industries on earth more sustainable, safer and efficient. We are client obsessed and develop our solutions from the ground up to solve their biggest problems. We are a passionate team focused on excellence and long-term relationships.

We are known for our fanatical customer service. The speed with which we respond to our clients and the care we show them is a key component of our success.

We are looking for an **Electronics Assembler Co-Op Student** to join us on site for a 4 or 8 month duration, starting September 2022.

Why work at EXACT

- We are a team of 40+ technical superstars and are welcoming to others who share our passion.
- Our culture is open, honest and inclusive.
- We're solving serious problems and having fun doing it.
- We're reducing the carbon footprint in a historically heavy carbon footprint industry.
- Our work has purpose. We're changing the face of concrete construction.

Your responsibilities will include:

- Building small loggers and other hardware
- Testing temperature probes
- Repairing and reworking PCBs
- Soldering as required
- Working efficiently with SMT components of all sizes
- Hand-held power tool work, e.g. drilling plastic enclosures, cutting lumber
- Meticulously testing products, multiple times, labeling them and preparing them to go to clients
- Other tasks as required

EXACT

Our Workplace

Our head office is in Toronto, Ontario, located at Dupont and Dovercourt in a historical industrial building that is open concept with 40-ft ceilings and lots of natural light. Free parking provided on-site and easily accessible via transit. We're steps from Geary Avenue's bakeries and breweries and close to The Junction.

Our head office, engineering and assembly is in Toronto. We also have remote offices and team members in British Columbia, Colorado, and Florida.
